

They're not ready for adult safety belts, either.

Keep your child safe
with a booster seat
until they're 4'9".

In a crash, adult-size safety belts can cause serious internal and spinal injuries to children eight and under. Remember, kids who have outgrown their child safety seat should be secured in a booster until they're 4'9". So keep them safe in the car with a booster seat – because they're not grown-ups yet.
